To
The Secretary,
The Telangana State Electricity Regulatory Committee,
Singareni Bhavan, Hyderabad.

Respected Sir,

Sub:- Objection/ Suggestion for the Proposed tariff to the R.O.
Water Purifying Plant No.0175360023 for the year
2014-15 and 2015-16 by the T.S.S.P.D.C.Ltd., -
Request - Regarding.

Ref:- My representation to the Committee on dt 07-03-2015

* * *

In the representation cited in the reference it is submitted that the industry is a R.O. Water Purifying Plant and the service connection was released under cat-III. In the year 2010 and since then, the C.C.bill was charging under Cat-III, Suddenly the Assistant Divisional Engineer, Operation Mahabubnagar, town was issued an Assessment of back billing an this service connection bearing No.0175360023 for Rs.1,04,525/-

Soon after receiving the assessment notice, I approached the Divisional Engineer, Operation and made a representation stating that the RO water purifying plant processes the water filters for the purpose of consumption of water which comes under industry.

Accordingly the representation was submitted to the superintending engineer and the superintending Engineer was kind enough to issue the instruction that the service should not be disconnected till the final orders to be issued by T.S.E.R.C., Since the appeal was made to the T.S.E.R.C.

As such, I humbly request the authority to kindly to issue necessary orders to revise the category from II to III (A) as originally at the time of service released.

Thanking you,
